Step 2. Enter your Username and password

University College Cork, Ireland
Coláiste na hOllscoile Corcaigh

To login, please enter your details:

Username:

Password:

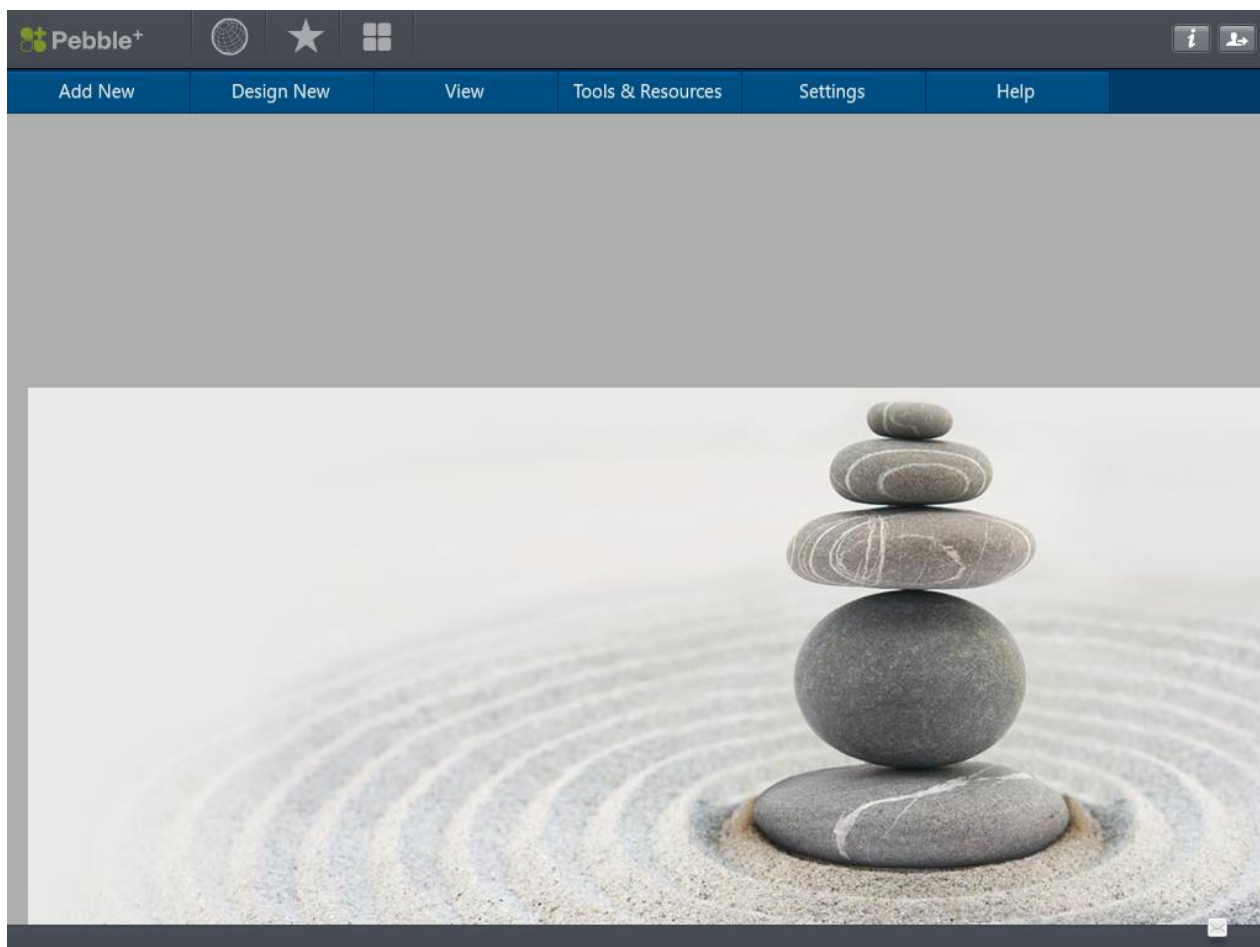

Forgotten your username or password?
[Change your password](#)

 Login to Pebble+

 Or go straight to ATLAS

 Login Options

Step 3. Entering your username and password brings you to your PebblePad desktop.

Step 4. Using the PebblePad Desktop - The Grey Tool Bar and Blue Tool Bar

The Grey Tool Bar

ATLAS - contains workspaces set up by your tutors to manage teaching activities and assessments. You will be asked to submit your work from Pebble+ to ATLAS

Resource Centre - The Resource Centre is a store for templates that you build or other people make available to you to use

Asset Store - Everything you create or upload is kept in your Asset Store

The Blue Tool Bar

Add New - allows you to create new Assets. Some examples of Assets are a CV, a Professional Plan, and a Reflection on your current assignment or document detailing your latest work placement or progress interview

Design New - allows you to build on your Assets. For example your CV might contain a video introduction, certificates or files of work you have completed – They are all Assets.

View - allows you access to your Asset Store, list of contacts, Messages, Details about yourself and Tags you used in Asset Store to help collate your assets

Tools and Resources - gives you access to ATLAS, Resource Centre and the ability to build your own template

Settings - you will never need to access settings

Help - Help will bring to some excellent online help page
